

Customer information acc. REACH Verordnung No. 1907/2006 Art. 33

Dear Sir or Madam,

in accordance with Regulation (EC) 1907/2006, as a supplier of articles we are obliged to inform our customers regularly if the delivered article contains a substance on the REACH candidate list (SVHC list) with contents > 0.1 per cent by mass.

Schulte & Co. GmbH supplies, among other things, forged products based on copper alloys. Within the meaning of the REACH Regulation, these are articles (e.g. battery terminals, forged cable lugs, etc.).

We inform you today that these articles contain lead in concentrations > 0.1 per cent by mass. The following substance identified as SVHC is contained:

Material	CAS/EINECS No.	List	Recording date
Lead (Pb)	CAS: 7439-92-1 EINECS: 231-100-4	Candidate list/ SVHC	27.06.2018

In accordance with point 6c Annex 3 of the RoHS Directive, the EU Commission has granted an exemption authorising the use of lead in copper alloys up to 4 percent by volume.
